The North Face® developed a partnership with PrimaLoft® to offer a new synthetic alternative to down. ThermoBall™ is a revolution in insulation technology. Unlike traditional, continuous-filament synthetic insulations, the small round PrimaLoft® synthetic fiber clusters closely mimic down clusters; trapping heat within small air pockets to retain warmth.

Independent testing has shown that ThermoBall™ technology can offer the low weight, loft, warmth and compressibility of down with the wet-weather insulating performance of synthetics with the warmth equivalent of 600 fill down.

ASCENDENT INSULATED JACKET

Stay warm, dry and carefree on the slopes or in the city in this waterproof, insulated jacket that’s built with storm-shedding DryVent™ and Heatseeker™ technical fabrics.

NF0A3SES $225.00 (R)
ADULT SIZES: S–3XL

DryVent™ styles are engineered to be fully waterproof, windproof and breathable. The outer face is treated with a durable water-repellant finish that helps form droplets and repels water from the surface. Each multi-layered style is engineered to allow water vapor to pass through from the inside to the outside.

DryVent™ fabrics are engineered in a variety of weights, textures and performance characteristics to allow for your maximum protection, performance and comfort.

All DryVent™ clothing is fully seam-sealed and designed with specific features that are relevant to your specific activity needs and conditions.

APEX BARRIER SOFT SHELL JACKETS
WindWall™ soft shells are engineered in fully windproof and wind-resistant options. Our fully windproof options are our most protective; virtually waterproof and windproof, they maintain a comfortable level of breathability in colder weather conditions.

Wind-resistant options are the most versatile, enhanced with stretch and reduced external air permeability, both breathable and water-resistant, making them ideal for a wide range of activities and weather conditions.

APEX BARRIER SOFT SHELL JACKETS

Windproof with plenty of stretch, this iconic heavyweight soft shell offers the ultimate in weather protection. The coveted Apex Barrier Soft Shell stops rain and wind to keep you warm and dry. A brushed fleece interior ensures all-day comfort.
